GENERAL INFORMATION

HISTORY

At the time of the founding of LaGrange College in 1831,* there were few institutions in the world devoted solely to the higher education of women. Even at that early date, however, LaGrange Institute was an academy of high grade.

In the year 1847 by act of the Legislature of Georgia, LaGrange Institute became LaGrange Female College, with all the rights of "conferring degrees, honors, and other distinctions of merit" accorded to other colleges and universities.

After several years of prosperity—often two hundred and fifty girls being in attendance—the entire property was sold to the Georgia Annual Conference of the M. E. Church, South. In September, 1857, the college began its distinctive work of Christian education. In the ensuing years it has received patronage from every section of the South.

In 1859 it took precedence over all church schools in sending out the first resident graduate class in the South. Of this class, Mrs. Alice Culler Cobb, afterwards a successful teacher in Wesleyan Female College, was an honored graduate. When well established in a career of ever-increasing usefulness, its work was arrested by a most disastrous fire on the 28th of March, 1860. The college property at that time consisted of a magnificent building, ample chemical apparatus, a complete equipment of costly musical instruments, a large and well-selected library, and the best dormitory furnishings in the State. It was said by one of the historians of Georgia that a small fortune was at that time consumed in the way of fine old mahogany and black walnut furniture. But fire was not to destroy this institution which had been dedicated to the advancement of Southern women. The friends of the college—especially the generous-hearted citizens of LaGrange and of Troup County—rallied to the institution dear to their hearts. The Civil War again interrupted, and for four years the old college stood an appealing

monument on the lofty hill that overlooked the desolated streets of the beautiful town of LaGrange. At the close of the war, its friends, with loyal perseverance and indomitable energy, succeeded in rebuilding, and the college started on a long and successful career. Since that time, under the presidency of some of the most prominent lay and clerical members of the M. E. Church, South, the college has sent forth from its halls hundreds of scholarly women who have occupied prominent positions in the various walks of life.

PURPOSE

LaGrange College strives to provide for its students an atmosphere permeated with the friendliness of congenial companions and enriched by association with sympathetic teachers; to bring them into contact with a type of scholarship which will arouse in them a desire for the culture which such scholarship imparts; to develop in them the highest and noblest impulses of Christian womanhood, that they may become teachers of all that is beautiful in nature, best in books, and highest in character.

LOCATION

LaGrange College is located in the City of LaGrange, Troup County, Georgia. LaGrange is seventy-one miles from Atlanta, on the Atlanta and West Point Railroad, one hundred and five miles from Macon, and about half-way between Brunswick and Birmingham on the Atlanta, Birmingham, and Coast Railroad.

The College is situated on a hill, one-half mile from the business portion of the town. The campus, which is twelve acres in extent, is 832 feet above the sea level, in a region on the upper side of Pine Mountain, with natural drainage in all directions. The extreme cold of the higher mountains and the heat of the lower lands are both avoided. Mr. Sears, agent of the Peabody Fund, said: "I have traveled extensively in Europe and America, and I have not seen LaGrange equaled for beauty and adaptation."

BUILDINGS AND EQUIPMENT

The principal buildings of LaGrange College are the Auditorium, the Oreon Smith Memorial and the Harriet Hawkes Memorial. The Auditorium Building is three stories high. It

contains the Department of Music, the Art Studios, the Science Department, the Department of Home Economics, the Auditorium, and various classrooms.

The Oreon Smith Building contains Hardwick Hall, used for evening prayer, literary societies, student meetings, and Y. W. C. A. services; the college parlors, the social rooms, the Y. W. C. A. room, the dining hall, the infirmary, the post office, bookshop, and offices of the President, the Dean and Registrar, and the Secretary, on the lower floors. The entire upper floor is used for dormitory purposes.

The Harriet Hawkes Building was completed in 1911. It contains the gymnasium and swimming pool, the library and reading room, classrooms, and offices of the dean of women. The upper floors contain dormitory rooms, fitted with single beds and all equipment for two students each. The floors all have broad verandas. All buildings are electric lighted and steam heated.

THE PRESIDENT'S HOME

Through the generosity of Dr. S. C. Dobbs and family, there was built during the summer of 1929 a handsome brick bungalow to be used as a home for the president of the college. This convenient and comfortable home, located on the northwest side of the campus a short distance from the administration building, was erected by the donors in honor of their distinguished kinsman, the senior Bishop of our church. A memorial tablet bears the following inscription:—

Warren A. Candler Cottage
Erected in Honor of
A Profound Thinker
A Great Teacher
A Noble Christian Statesman

GYMNASIUM

The first floor of the Harriet Hawkes Building is devoted to physical education. The Gymnasium is equipped with modern apparatus, and adjoins a swimming pool which has a capacity

of 18,000 gallons. Adjacent to the pool are dressing rooms and shower baths.

ATHLETIC GROUNDS

To the rear of the Gymnasium there is an athletic field, where provision has been made for tennis, basket-ball, team and track work.

LIBRARY

The Library contains about nine thousand volumes which represent carefully selected reference books for the different departments of the College.

Newspapers and magazines for general reading are kept on the tables, and the students are encouraged to keep in touch with present-day events.

LABORATORIES

The Departments of Physics, Chemistry, and Biology are each thoroughly equipped with apparatus and supplies for individual work.

The Chemistry Laboratory is large, well lighted and airy, with supplies for a large number of students.

The Physical Laboratory is well equipped with high-grade apparatus for accurate work.

The Biology Laboratory is supplied with excellent microscopes, slides, and specimens.

LECTURES AND ENTERTAINMENTS

In addition to the frequent recitals given by members of the faculty and students of the special departments provision is made for the students to attend lectures and concerts given by prominent artists and lecturers under the auspices of the college.

STUDENT ACTIVITIES

THE LA GRANGE COLLEGE SCROLL

The LaGrange College Scroll was organized in January, 1922. This paper is designed to be a medium through which the best thought of the student body may find expression, and to serve as a bond of union between the College and former students and alumnæ.

THE STUDENTS' HANDBOOK

The Students' Handbook is issued by the Student Government Association. This is a manual of the student life of the College and a guide to daily conduct.

THE QUADRANGLE

The Quadrangle is the College annual issued near the close of the scholastic year.

THE YOUNG WOMEN'S CHRISTIAN ASSOCIATION

The Young Women's Christian Association is developing among the students a zeal for the cause of religion at home and abroad. Besides conducting weekly meetings for prayer and religious instruction, it promotes an intelligent interest in social and moral problems. Graduates of the College in both the Home and Foreign Mission fields are a compensating evidence of inspiration from this organization. A number of Bible and mission study classes are carried on under the direction of the faculty and more mature students. There is an attractive Y. W. C. A. room on the first floor of the Oreon Smith Building.

SCIENCE CLUB

The *Phi Beta Chi* is an honorary society composed of high average students from the Physics, Biology and Chemistry classes. The purpose of this society is to acquaint the student of one branch of science with the other branches by first hand information from our local resources. There are three chapters of the Phi Beta Chi Society: first, the *Apprentices,* who are the beginners; second, the *Journeymen,* who are striving to be members of the last chapter, the *Science Guild.*

ATHLETIC ASSOCIATION

An Athletic Association, composed of the members of the student body, under the supervision of the physical director, has control of outdoor sports. It assists in equipping the outdoor courts and track, formulates the rules for eligibility in class and college contests, and constantly encourages participation in all outdoor games, maintaining always a high code of honor and true sportsmanlike conduct in all forms of athletics.

DRAMATIC CLUB

The Dramatic Club is for the purpose of studying plays, ranging from Shakespeare to modern comedies. Public performances are given at intervals throughout the year.

THE QUILL DRIVERS' CLUB

The Quill Drivers' Club gives its members training in journalism, and also keeps the College in touch with the outside world. A weekly report is made through its members to the prominent newspapers of the State.

LE CERCLE FRANCAIS

Le Cercle Francais is an honorary society, the membership of which is made up of the best students of the different classes in French. French is the language of the weekly meetings, and an opportunity is thus given to develop a knowledge of practical French outside of the classroom.

EL CIRCULO ESPANOL

This club is composed of the best students of the classes in Spanish. The bi-monthly meetings are conducted in Spanish.

THE ORCHESTRA AND GLEE CLUB

The Orchestra and Glee Club give public performances at the recitals of the College.

THE ENGLISH CLUB

The English Club is composed of those Juniors and Seniors who have English as a major or a minor subject. In the spring term, it is open to the best students of the class in English literature. The purpose of the club, which meets five or six times during the year, is to consider various phases of the literature of the South.

THE ART CLUB

The Art Club is for the purpose of developing art appreciation through the study of the masters and their works and by discussions regarding art and cognate subjects. The club is composed of the students in the Art department and meets once a month.

LATIN CLUB

Societas Minervae is open to all students taking advanced courses in the Latin department. The club endeavors to supplement the work of the classroom and to awaken in its members a keen and stimulating interest in ancient civilization. The monthly meetings deal with live discussions and projects from Roman life.

THE INTERNATIONAL RELATIONS CLUB

The International Relations Club, known locally as the Forum of Democracy, is made up of those students making History their major or minor subject. It has for its main purpose the study of international relationships. The programs include not only round table discussions, but formal debates and lectures.

THE MATHEMATICS CLUB

The Mathematics Club is made up of students choosing Mathematics as their major or minor subject. Meetings are held monthly.

HONOR CLUB

In January, 1924, the Faculty recommended that an Honor Club be established. Eligibility to this club is conditioned upon the literary hours taken and the character and academic standing of the student. Members are elected each year from a list of names submitted to the Faculty for consideration. Election to the Honor Club is the highest distinction that can be conferred upon a student.

STUDENT GOVERNMENT ASSOCIATION

The Student Government Association, based on powers and laws granted it by the president and faculty, has control of all matters pertaining to the conduct and social life of the students. The life and work of the College is based on the honor system,

and this system applies not only to the rules and regulations concerning conduct, but to midyear and final examinations, monthly and weekly tests, and to all written work, such as notebooks and themes.

Upon entrance each student is furnished with the Students' Handbook, so that she may familiarize herself with the rules of the Student Government Association.

ALUMNAE AND MATRICULATES' ASSOCIATION

The object of the Association is to preserve and quicken the interest of the alumnæ and former students, to keep alive girlhood friendships, and to create a helpful relationship toward the College. The highest purpose of this organization is to keep intelligently informed of the needs and welfare of the institution and to seek opportunity to express this interest by voluntary services for the College.

At the reunion in 1921, all matriculates were made eligible to membership in this Association. The dues are one dollar per year. All alumnæ and former students are invited to become actively identified with it.

The general Association has given over five thousand volumes to the College library, over $2,000.00 in money for purchasing new books, given six scholarships to students, and has done much toward beautifying the College campus.

It is earnestly desired that in every place where as many as five alumnæ or former students may reside a local chapter of the Association shall be formed and so report to the President of the Alumnæ and Matriculates' Association headquarters.

The annual reunion is held during Commencement each year, and all are warmly invited to return to the College for that meeting.

In order that special re-unions may be arranged for those classes who were associated in college, our alumnæ have adopted the "Dix schedule" of class re-unions.

In 1932 the following groups of classes are scheduled to meet in re-union: 1881, 1882, 1883, 1884 and 1900, 1901, 1902, 1903 and 1919, 1920, 1921, 1922.

These meetings are co-incident with the usual general re-unions at Commencement when all who can are expected to return.

Please send to the College any alumnae news or changes in address that may be found incorrect in the catalogue.

For officers of the Association, see page 5.

For classes, see page 48 and following; for alphabetical roll, see page 84 and following.

THE NEEDS OF LA GRANGE COLLEGE

For more than three-quarters of a century a steady stream of cultured young women has been going out from the halls of LaGrange College to bless the world in all phases of life. No accurate calculation could be made of the good the institution has done through these hundreds of women. Its graduates and former students are in almost every State in the Union and in many foreign countries. They have become teachers, nurses, doctors, home builders, missionaries—in fact, there are no walks of life which they have not enriched and elevated by lives and services.

There are many upon whom the Lord has laid the responsibility of wealth, some of whom are anxious to find religious investments. Can a more profitable investment be made than in some phase of the life and work of a Christian college, in this way multiplying itself a hundred fold in the lives and character of Christian womanhood?

No denominational college is conducted for gain. Indeed, to every student who attends a church institution, the church makes a contribution of a part of her expenses. The church college is dependent upon its friends and the friends of Christian education not only for its upbuilding, but also for its very existence.

The greatest need of LaGrange College is a large increase in its endowment. A gift for this purpose could take the form of a memorial by the endowment of a chair or professorship, or the endowment of the library or a section of the library. A building on the campus would be a splendid memorial to a parent, a daughter, or other relative.

There are other needs which could be met by gifts in any sums, either large or small, information concerning which will be cheerfully furnished.

Make a donation to LaGrange College now.

Leave the College a sum in your will.

With reference to any matter relating to the needs of LaGrange College, write W. E. Thompson, President, LaGrange, Georgia.

INFORMATION TO PROSPECTIVE PATRONS

By enrollment with us, students pledge themselves to abide by the rules of the College.

No student will be enrolled in any subject unless she presents a registration card properly filled out and duly signed.

Parents desiring their daughters to come home or to visit elsewhere during the session must first send request *to the President.* Such request must not be included in letter to the daughter, but *mailed directly to the President.* Our experience has proved that visiting while in school is usually demoralizing.

By request of parents, permission will be given to visit students living outside of LaGrange during the spring holidays and Christmas holidays. No student will be given permission to visit local students during holidays.

Students are not allowed to send telegrams or telephone messages without special permission.

Students who keep money in their rooms do so at their own risk. Provision is made for taking care of the spending money of students.

Books, sheet music, and stationery are sold in the Bookshop for CASH.

Students must pay for damages done College property.

Students are required to attend the church of the parents' choice.

Students are not permitted to spend the night out in town, except with parents.

HEALTH

Upon entrance, students are required to stand a medical examination by the college physician.

A close supervision is exercised over the health of boarding pupils. All cases of sickness are required to be reported immediately to the nurse; in case of serious sickness, a physician is called. The perfect sanitary arrangement, good water, and elevation and freedom from malaria have prevented sickness to a degree unsurpassed by any similar institution in the State.

Students must send with their admission blank a physician's certificate showing successful vaccination and inoculation.

FURNITURE

The College supplies the students' rooms with heavy furniture. Each student is expected to furnish her own hot water bottle, towels, pillow, sheets, blankets, counterpanes for single beds, napkins and napkin ring (plainly marked) and any other articles desired for use in her room, as pictures, curtains, rugs, spoon, tumbler, knife, fork, etc. Students must not bring electric irons; these are furnished by the College.

GUESTS

Patrons and friends of the college are always welcome to its hospitality. As all visitors are guests of the college, and not of individuals, a student who wishes to invite a guest must consult the matron to know whether the guest room is available. Guests may be entertained only from Saturday afternoon until Monday morning. No charge is made parents and sisters of students. Payment is required for the entertainment of friends at the rate of one dollar and a half per day. *All guests are expected to conform to the dormitory regulations.*

LOAN FUNDS

Students may be able to borrow from certain special funds of the College enough money to defray a large part of their expenses. This money loaned to a student begins to bear interest at six per cent at the end of the year in which it was used.

Mr. William S. Witham, of the Board of Trustees, donated to the College the sum of $10,000.00 (which has increased to over $28,000.00), to be lent to dependent girls.

Mrs. J. C. Davidson, of West Point, Ga., as a memorial to her husband, gave $1,000.00 to be used as a loan fund.

Mrs. Frances Clementine Tucker, of Atlanta, Ga., left in her will provisions for a loan fund. This is now available to LaGrange College students.

Circulars of information concerning these funds can be secured from the president. The decision as to who will be accepted is vested entirely in a Committee of the Board of Trustees, to whom all applications will be referred.

BUREAU OF APPOINTMENTS

The College, through the faculty, assists the graduates who wish to teach in finding positions. This service is rendered without charge.

REPORTS

Formal reports, based upon semi-annual and final examinations, together with the daily records of work, will be issued after the end of the first term and after commencement. Upon these the system of credits for work is based.

ADMISSION OF STUDENTS

Students may be admitted by certificate or by examination.

Graduates of the accredited high schools are admitted without examination, provided entrance requirements are satisfied.

Students from other than accredited schools are examined at entrance.

All students entering College must meet the regular entrance requirements, whether or not they expect to take the full amount of work leading to a degree.

Literary requirements for those wishing to specialize may be found under the head of the desired special, as Art, Expression, Music.

CERTIFICATES FOR ENTRANCE

Every student who enters—for music, art, literary work, or other course—is expected to present a certificate from the last school attended, covering her work. This rule may be abated for students in music or art only, who do not enter the College dormitory and are not seeking any certificate.

Students should secure from the College the blank certificate to be filled out and signed by the principal of the school they are attending. This should be sent in before the summer vacation. Candidates will find it much easier to attend to this before their schools close for the summer.

STATE CERTIFICATION

Students who receive the Bachelor's Degree and who have also

completed our courses in Education in accordance with State prescription will be given the *Provisional College Certificate* by the State Board of Education. This certificate gives license to teach without examination for three years in the high schools of Georgia, and at the expiration of three years is subject to renewal for seven years.

REQUIREMENTS FOR ADMISSION

For Entrance into Freshman Class. The applicant must offer subjects amounting to fifteen units. The units assigned to the subject indicate the number of years, with five recitations (of not less than forty minutes in length), per week—that is, the total amount of time devoted to the subject throughout the year should be at least 120 "sixty-minute" hours.

For Admission to the A.B. Degree Course. The candidate must offer:

PRESCRIBED UNITS—9½

English	3
Latin	4 or
Latin	2 and
Modern Languages (In the same language)	2
*Algebra	1½
Plane Geometry	1

ELECTIVE UNITS—5½

PRESCRIBED UNITS—9½

English	3
Foreign Languages	2 or 3
Science	1 or 2
*Algebra	1½
Plane Geometry	1

*Two units if two full years are given to this subject.

Condition may be allowed for two units of a Modern Language. This condition may be removed by one year of college work in a Modern Language.

A candidate wishing to offer units in Science or Domestic Science for entrance must present *notebooks endorsed* by the high school instructor.

1. **Conditioned Students.** Students graduated from accredited high schools with fifteen units and lacking two or less of the prescribed units may be admitted as conditioned students. All students, however, must present three units of English and two of Mathematics. All conditions must be removed before registering for the second year of college work.

2. **Special Students.** Teachers and other mature persons desiring special courses, may be admitted without formal examination, upon satisfying the requirements of the departments which they wish to enter. It

is understood that such persons shall be able to satisfy entrance requirements in such subjects as English, History, and Mathematics.

3. **Advanced Standing.** Students who are prepared to enter classes higher than Freshman can do so upon presenting satisfactory credits to the Committee on Classification.

4. No student may enter Sophomore Class without having twelve hours of College credits.

DEFINITION OF ENTRANCE REQUIREMENTS

For definition of entrance requirements, reference is made to the definition by the Association of Colleges and Secondary Schools of the Southern States at the meeting in 1928 in Jackson, Mississippi.

REQUIREMENTS FOR DEGREES

The College confers two degrees—the A.B. and the B.S.—the courses leading to which are indicated below.

The requirements for either degree call for a four years' course.

The minimum work required for graduation is sixty-two session hours, two of which may be in physical education.

The minimum year for a regular student is fifteen hours a week, exclusive of Physical Education, except for Freshmen, which is fourteen hours. (This means fifteen recitation periods a week for thirty-six weeks, or the equivalent, one hour long.) The maximum year for Freshmen is sixteen hours; Sophomores, seventeen hours; Juniors and Seniors, eighteen hours.

The prescribed hours for the A.B. Degree are as follows:

FRESHMAN CLASS

Biology 1	3 hrs.
English 1	3 hrs.
English 4	1 hr.
Modern Language 1 or 2	3 hrs.
Latin 1 and 2, or 2, or 3 and 4	1½ or 3 hrs.
Physical Education	½ hr.

SOPHOMORE CLASS

English Literature 1	3 hrs.
Modern Languages 2 or 3	3 hrs.
Physics 1 or Chemistry 1	3 or 4 hrs.
Elective or Latin 3, or Latin 3 and 4	1½ or 3 hrs.
Physical Education	½ hr.

In addition to the above, all students are required to take the following during the first three years:

Bible 1, 2	3 hrs.
History	3 hrs.

JUNIOR AND SENIOR CLASSES

Bible, or Bible and Religious Education	3 hrs.
Major subject (elective)	6 or 9 hrs.
Minor subject (elective)	3 or 6 hrs.
Physical Education	1 hr.
Electives to make up a total of	62 hrs.

If two units of Latin are offered for entrance, then two years of Latin shall be taken in college for the A.B. degree. If three or four units of Latin are offered for entrance, then one year of Latin shall be taken in college for the A.B. degree.

The prescribed hours for the B.S. degree are as follows:

FRESHMAN CLASS

Biology 1	3 hrs.
English 1	3 hrs.
English 4	1 hr.
Mathematics 1, 2	3 hrs.
Modern Languages 1 or 2	3 hrs.
Physical Education	½ hr.

SOPHOMORE CLASS

English Literature 1	3 hrs.
Physics 1 or Chemistry 1	3 or 4 hrs.
Modern Language 2 or 3	3 hrs.
Physical Education	½ hr.

In addition to the above, all students are required to take the following during the first three years:

Bible 1, 2	3 hrs.
History	3 hrs.

JUNIOR AND SENIOR CLASSES

Bible, or Bible and Religious Education	3 hrs.
Science	3 hrs.
Major subject (elective)	6 or 9 hrs.
Physical Education	1 hr.
Electives to make up a total of	62 hrs.

REMARKS ON REQUIREMENTS FOR DEGREES

Freshmen take three or four hours of elective work from the following subjects: Bible 1, 2; History 1, 2; Mathematics 1,

2; Piano; Voice; Violin; Harmony; Sight-singing; Art; Expression. In case a student takes four hours of Music or Art, she will take English 4 in the Sophomore year.

The six hours of required work in Modern Languages must be taken in the same language. If two units of Modern Language are offered for entrance, courses 2 and 3 of the same language must be taken in college. If no Modern Language is offered, courses 1 and 2 of one modern language must be taken.

Credit will be allowed for a single year of a foreign language only when it is the third language taken.

The elective hours are distributed as follows:

Before the beginning of the third year each student will be expected to select a leading subject. When the required work in such a subject is six or more hours, six additional hours in that department shall constitute a major. When the required work is less than six hours, nine additional hours shall constitute a major.

A minor is defined as three hours beyond the required work in a department where the required work is six hours or more; in a department where the required work is less than six hours, six hours of additional work shall constitute a minor. The minor is to be selected by the student after consultation with the head of the department in which she is taking her major.

GRADES AND CREDITS

Grades are as follows:

A indicates superior work.

B indicates work above the average.

C indicates satisfactory work for the average student.

D is the lowest passing grade.

E indicates a *condition*. A conditioned student has the privilege of re-examination.

F indicates failure. A grade of F means that the work should be repeated in order to obtain a credit.

At least half of the work credited must be of grade C or better.

COURSES OF INSTRUCTION

NOTE TO FRESHMEN.—Upon entrance, all Freshmen are given a brief course called "How to Study". This helps the new student to find her proper bearings and relations to college aims, principles and methods of procedure.

BIOLOGY

PROFESSOR STEWART

One or more of the following will be offered as the demand arises:

BIOLOGY 1. *General Biology*.....3 hrs.

A study of the general laws of life and the fundamental relationship of living things. The principal facts of the structure and functions of typical plants and animals are given, together with a discussion of general biological problems.

Two hours of lectures, one laboratory period weekly.

Required of all students.

BIOLOGY 2. *Invertebrate Zoology*.....3 hrs. 1st semester

A study of the structure and adaptations of some of the more important groups of invertebrates, with dissection of types in the laboratory.

Prerequisite: Biology 1. One lecture and two laboratory periods. Elective.

BIOLOGY 3. *Vertebrate Zoology*.....3 hrs. 2nd semester

This course begins with the simpler vertebrates and proceeds to the higher forms through study and dissection of types in ascending order of complexity.

Prerequisite: Biology 1. One lecture and two laboratory periods. Elective.

BIOLOGY 4. *Botany* .....3 hrs.

The structure, physiology and genetic relations of plants.

Prerequisite: Biology 1. One lecture and two laboratory periods.

Not offered 1931-1932.

BIOLOGY 5. *Anatomy and Physiology* .....3 hrs.

A study of the skeletal, muscular, digestive, circulatory, excretary and nervous systems.

Prerequisite: Biology 1 or Biology 2 and 3. One lecture and two laboratory periods.

Not offered 1931-1932.

BIOLOGY 6. *Genetics* .....3 hrs. 2nd semester

Not offered 1931-1932.

BIOLOGY 7. *Embryology* .....3 hrs. 1st semester

Not offered 1931-1932.

CHEMISTRY

PROFESSOR STEWART

CHEMISTRY 1. *Inorganic Chemistry*.....4 hrs.

A study in theoretical and descriptive chemistry as illustrated in non-metals and metals. Especial attention is given to the demonstration of fundamental principles and the practical applications of the subject.

Three lectures and one laboratory period weekly.

Chemistry 2. *Qualitative Analysis*.....3 hrs. 1st semester

Tests for acids and bases; analysis of simple salts; analysis of unknown compounds, alloys, complex mixtures, and commercial products.

Prerequisite: Chemistry 1. One lecture and two laboratory periods. Elective.

Other courses will be offered as the need arises.

EDUCATION AND PSYCHOLOGY

Professor Walker

Psychology 1. *General Psychology*.....3 hrs. 1st semester

An introductory course. Open to Sophomores, Juniors and Seniors.

Psychology 2. *Educational Psychology*.....3 hrs. 2nd semester

This course deals with psychology in its relation to the teaching process as practiced by the home-maker and classroom teacher.

Prerequisite, Psychology 1 or Junior classification.

Psychology 3. *Adolescent Psychology*.....3 hrs. 2nd semester

A study of the age of adolescence and its characteristics.

Open to Seniors.

Education 1. *Principles of Education*.....3 hrs. 2nd semester

Open to Sophomores, Juniors and Seniors.

Education 2. *History of Education*.....3 hrs. 1st semester

A survey of important educational systems of the past with a full treatment of the modern system of education.

Open to Juniors and Seniors.

Education 3. *High School Methods*.....3 hrs. 1st semester

A general-methods course for prospective high school teachers.

Open to Seniors.

Education 4. *Observation and Practice Teaching*.....3 hrs.

Through the courtesy of the superintendent of schools of LaGrange, the classes in Education do observation, participation, and practice teaching in the city schools.

Students prepare for their observation work by reading reference assignments on organization, method of instruction, and material for curriculum. Notes are taken on all observation, and weekly conferences held with the students in class.

Practice teaching begins in the second semester of the senior year, and is done under the supervision of the class teacher of the city schools and the head of the Education Department of the college.

Open to Seniors.

Students who have had three hours of professional subjects and receive a Bachelor's degree receive also a Provisional College Certificate from the State Department of Education. This gives them license to teach in the high schools of Georgia.

After three years of experience, if the teacher has credit for nine hours of professional subjects, including Education 2 and 3 and Psychology 2 and 3, earned either at LaGrange College or in summer schools, she may receive a Professional College Certificate.

ENGLISH

Professor Salls
Professor Wilson
Miss Singer

English 1. *Language and Composition*.....3 hrs.

Foundation course in English Composition. A careful study of the properties of right and oblique triangles and their solution; trigonometric analysis.

Mathematics 2. *Analytic Geometry*.....3 hrs. 2nd semester
The straight line, circle, conic sections, the general equation of the second degree.
Mathematics 1 and 2 are required of B.S. students. They are elective for A.B. students.

Mathematics 3. *Differential Calculus*.....3 hrs. 1st semester
Derivatives, maxima and minima, curve-tracing, Maclaurin's and Taylor's Series, indeterminate forms, partial derivatives, applications to geometry and physics.
Prerequisite: Mathematics 1, 2.
Not offered 1931-1932.

Mathematics 4. *Integral Calculus*.....3 hrs. 2nd semester
Principal methods of integration, definite integrals, applications.
Prerequisite: Mathematics 3.
Not offered 1931-1932.

Mathematics 5. *College Algebra*.....3 hrs. 1st semester
Review of quadratic equations, followed by complex numbers, logarithms, determinants, partial fractions, infinite series, probability, theory of equations.
Prerequisite: Mathematics 1.
Not offered 1931-1932.

Mathematics 6. *Theory of Equations*.....3 hrs. 2nd semester

A continuation of the study of theory of equations begun in Mathematics 5.

Not offered 1931-1932.

Mathematics 7. *College Geometry*.....3 hrs. 1st semester

A course extending the results of Geometry as taught in high schools.

Mathematics 8. *Synthetic Projective Geometry*...3 hrs. 2nd semester

Fundamental forms, point rows of the second order, pencils of rays of the second order, poles and polars, involution, metrical properties of figures.

Mathematics 9. *Solid Geometry*.....3 hrs. 1st semester

Planned for those who have not had solid geometry in high school.

Mathematics 10. *Teaching of Mathematics*.....3 hrs. 2nd semester

A study of the materials and methods of high school mathematics.

Elective for Sophomores, Juniors and Seniors who are taking mathematics as their major subject.

PHYSICS

Professor Bailey

Physics 1. *General Physics*.....3 hrs.

SPANISH 4. *Latin America*.....3 hrs.

Spanish commercial correspondence; history, civilization and literature of Latin America.

SPECIALS

CREDITS FOR SPECIALS TOWARD THE LITERARY DEGREE

A maximum of twelve hours will be allowed for specials toward the literary degree. For example, if both Music and Expression be elected, not more than twelve hours in these two subjects combined may be counted toward the degree.

ART

Miss Jones

Art is a subject that is practical and necessary, as well as cultural. No one can escape from displaying taste or the lack of it. Students should become increasingly sensitive to the æsthetic elements of their surroundings, and it is the aim of this department to cultivate such sensitivity. A sense of the beautiful increases resistance to the strain of modern tension and adds to the inner reserve power. To know art is, as some one has aptly said: "To know history, biography, mythology, literature; to feel religion and to respond to the gentle teaching of nature."

Courses in China Painting and Arts and Crafts are open to students who do not wish to pursue the course leading to a diploma in Art.

Pupils in China Decoration are not required to take regular art, except when studying for an art diploma.

COURSES OF STUDY IN THE ART DEPARTMENT

History and Theory of Art.—Text: Goodyear's History of Art.

Topics for study: Development of architecture, sculpture. Painting and Decoration from the Egyptian through Greek, Roman, Gothic Renaissance, and Modern periods. Albums of reproductions are collected by each student. The amount of collateral reading is extensive and report of it is made in albums and oral discussion.

STUDIO PRACTICE

First Year.—Charcoal drawings from detached features and heads from casts and from objects. Proportion, construction, line, light, and shade are studied. Painting in pastel. Theory of color.

Second Year.—Charcoal practice in drawing heads and figures from the cast in full light and shade. Painting from still-life and pastel and water color. The aim of the instruction is academic, to help the student to observe accurately and fully, truthfully and artistically, what she sees. Composition and perspective are studied. Theory of color.

Third Year.—Painting in oil, water colors and pastel from casts of figures and heads, artistic anatomy, theory of color, costumed models, still-life and landscapes. Composition and technique of painting.

Fourth Year.—Paintings in oil from casts, life and still-life. Original composition. Intensive study of color.

APPLIED ART

Costume Design.—The object of the course is to develop good taste in dress by cultivation of the ability to select suitable color, line and material for the figure in question. Practical work in the rendering of costume designs is given.

Interior Decoration.—The practical working out of homes and pub-

lic buildings, with careful study of light and color, wall covering, tones for ceilings and floors, and improvement of unattractive conditions.

Poster Design.—A course preliminary to illustrative or commercial advertising. The compositions are worked out in a flat decorative manner, with opaque water color as the medium.

Illustration.—Illustrating will be found an interesting subject and one which may be put to practical use. Newspapers and magazines, as well as large department stores, now employ illustrators on their regular staffs. Medium employed: pen and ink, water color.

China Painting.—The instruction includes the study of conventionalized ornament, the effect of repetition and contrast in the use of colors. It covers the practical application of designs to ceramics and the properties of flat painting, enamels, lustres and golds.

Public School Art.—Elementary drawing, black board drawing, construction work, designs, block printing, poster making in cut design, crayolà and water colors, lettering and sand tables, clay modeling, picture study. Theory and practice of teaching.

Course for Children.—This work is given Saturday mornings.

REQUIREMENTS FOR DIPLOMA IN DRAWING AND PAINTING

Candidates for a diploma in drawing and painting must take the four-year course in Art, History and Theory of Art, and one year of China Painting. In addition she must take the following literary work:

English, 1, English Literature 1, English Literature 4, Bible 1, Bible 2, six hours of French, and three hours of History.

Two hours a year college credit is given for full work in practical art, except for China Painting for which credit is only *one* hour.

High School entrance units must be presented by all applicants for Art Diploma Course.

Work done in the studio must be left in the college until after the Art exhibit at commencement.

EXPRESSION

Miss Singer

This department aims to awaken and develop the innate powers of the individual student, and through training to bring voice and body into a spontaneous and sympathetic response to the conceptions of the mind and the emotions of the soul.

The methods of the department are scientific; based on principles, not rules. The student is not "taught" expression, but is *awakened* to a sincere and natural expression of her own soul through a sympathetic voice and responsive body.

Vocal Expression.—Attention, observation, discrimination, logical relation of ideas; these form the mental impressions which must precede the vocal expression.

Vocal Training.—Diaphragmatic breathing, voice placement, voice control, flexibility of voice; strengthening of the individual mental impressions and establishing a co-ordination between these and an adaptable voice.

To this end is stressed the interpretation of good literature, lyric, epic, and dramatic poetry, and prose impersonation.

Pantomimic Training.—Special exercises for normal adjustment and Physical response. The agents of the body are not "taught" to act, but are *awakened* to a harmonious response.

Freshman Year.....2½ hrs.

Logical relation of ideas; primary conditions and qualities of voice, articulation; rhythm, harmonic response of voice and body; recitation and criticism. Dramatic rehearsal.

Texts: Curry's "Foundations for Vocal Expression" and Curry's "Classics for Vocal Expression."

Sophomore Year.....2½ hrs.

Qualities of voice-resonance, tone color; development of imagination; interpretation; literature; the drama and studies from standard writers; original work in arranging short stories from readings. Dramatic rehearsal. Recitation and criticism.

Texts: Curry's "Foundations for Vocal Expression," Curry's "Classics for Vocal Expression."

Junior Year.....2½ hrs.

Range and adaptability of voice; impersonation; monologues; extemporaneous speaking; recitation and criticism. Dramatic rehearsal.

Text: Curry's "Imagination and Dramatic Instinct."

Senior Year.....2½ hrs.

Finish in platform art; original work on subjects for debate; dramatics and dramatic rehearsal; recitation and criticism; advanced repertoire.

MUSIC DEPARTMENT

Miss Brownlee, *Director*

This department offers thorough courses in Voice, Piano, Pipe Organ, Violin, Sight Singing, and Sight Reading (piano); Theory of Music, including Harmony and History of Music.

Weekly recitals in music give training for public work. The course of Theory and Sight Singing is deemed essential to an intelligent comprehension of Voice Culture, Piano, Pipe Organ, or Violin.

A special normal course of one year has been arranged for diploma students.

Literary Requirements for Diplomas in the Music Department:

Three years of English (except A.B., and B.S., degree students); one year of Bible; two years of a Modern Language. Students who are candidates for the diploma in Piano, Violin, or Organ are required to take each year in addition to the practical instruction at least nine hours of literary work, including Harmony and History of Music. Students who are candidates for the diploma in Voice are required to

take at least twelve hours of literary work. Candidates for the diploma in Piano or Violin are required to practice three hours daily.

Credits for Music Toward the Literary Degree

A candidate for a degree may take music as a free elective. The credit which a student makes depends upon her progress. The normal credit for a year's work is two hours. Students who do not make normal progress will not receive full credit; exceptional students may cover more than a year's work in one year and receive more credit. She will receive credit for work in theory and history of music on the basis of one hour of credit for each hour of recitation work. The maximum credit allowed for practical music, theory, and history of music toward a degree is twelve hours. The maximum credit allowed for practical music is six hours. No credit is allowed for "zero" courses.

In general, unless a student is exceptionally well prepared in music upon entrance, she will not be able to obtain a diploma in Piano or Violin and a literary degree in four years without doing summer work.

PHYSICAL EDUCATION

Miss Singer

It has long been an accepted fact that mental states are directly influenced by one's physical condition. Hence, an educational institution can not furnish efficient, systematic development for the members of its student body unless it makes adequate provision for physical training and the study of personal hygiene. There is an acknowledged tendency on the part of many young women to take too little exercise. Round shoulders are all too prevalent. Lowered muscular tone and control of the nervous system are danger signals of impending ills and disorder. Accordingly, the purpose of this department is to acquire by systematic exercise the co-ordination of the mind and body, and to overcome by corrective gymnastics any physical defective conditions of the body.

Two hours a week is required of every student, unless she is pronounced physically unfit by the examining physicians.

Two year's work in Physical Education is counted as one college hour.

Each student must be supplied with several middy blouses, a pair of back pleated bloomers, made of soft serge or other woolen cloth, and black tennis slippers for gymnasium work.

SECRETARIAL COURSE

Miss Shepard

This course has been organized for the purpose of preparing students who are candidates for degrees to meet the requirements for executive and professional secretaries. It is open to juniors and seniors only. Every facility is provided for students under competent instruction to equip themselves to meet the exacting demands of executives for thoroughness, reliability and initiative.

This course requires two years for completion. No college credit is given. A special certificate is given for satisfactory completion of the course.

It is suggested to freshmen and sophomores who plan taking this course that they complete as many credits as possible before their junior year.

EXPENSES FOR THE YEAR

In order to facilitate finding the expenses for the year, the following illustrative tables are appended:

Table 1
DAY STUDENTS

Literary tuition, including the use of the library.....$125.00

Payable on entrance, $65.00; at beginning of second semester, $60.00.

Table 2
BOARDING STUDENTS

Board, room, literary tuition, attendance of college physician, and other fees, except laboratory and practice fees, $400.00.

Payable on entrance, less room reservation deposit, $210.00; at beginning of second semester, $190.00.

A deposit of $10.00 must be paid before a room is assigned. This fee is deducted from the $210.00 required on entrance in September. If the reservation is canceled prior to August 15, or if the entrance credits are insufficient, this deposit will be returned.

Table 3
REGULAR LITERARY COURSE WITH MUSIC DIPLOMA COURSE

Board, etc., as in Table 2	$400.00
Piano lessons	100.00
Harmony	25.00
Use of piano for practice one and one-half hours daily	10.00
Total for the year	$535.00

For Harmony 1 or Harmony 2 there will be an additional charge of $10.00 for materials.

Harmony is required for a diploma in any branch of music. A practice fee is also charged for any branch, as shown under "Fees."

In like manner the cost of other combinations may be found by adding to Table 2 the cost of the desired special.

Note 1. The $400.00 charge embraces a fee for the attendance of the college physician, ordinary care and simple household remedies in temporary illness. This does not include the employment of a special nurse or consulting physician. Phy-

sicians' prescriptions and medicines ordered from the drug stores must be paid for by the student.

Note 2. The reservation fee of ten dollars paid in advance to secure a room is deducted from the September payment, but can not be used in payment of laboratory or practice fees.

EXTRA STUDENT EXPENSES

While we have listed in the above schedules every item of necessary expense, there are some items, the aggregate of which is small—such as literary society and student association dues—which, though not absolutely necessary, are advisable. A young woman is sent away to college to be educated, not only in books, but for life, and she should be taught to give systematically to the church, Sunday school, and other organizations, in order that she may return to her community with convictions as to her individual duty.

We suggest to parents the advisability of requiring their daughters to keep an itemized account of personal expenditures. Young women should be taught the golden mean between stinginess and extravagance.

The habitual indulgence in confectionery and soft drinks is not only expensive, but is frequently injurious to health.

NOTES REGARDING EXPENSES

Checks should be made payable to LaGrange College.

Two hundred and ten dollars must be paid upon entrance in September. Dues for special courses are payable October 1 of first term; for second term are payable February the first.

Students are not allowed to register until satisfactory financial arrangements are made.

No reduction will be made for pupils who enter within one month after the semester opens.

No student will be received for less than a semester, except by special agreement.

No discount will be allowed for absence from any cause except sickness, and that only when the absence is for as long a period as ONE MONTH.

In the event of withdrawal *on account of sickness,* the amount paid for board in advance of date of leaving will be refunded, *but not the amount paid for tuition.*

No deduction will be made for the holidays. Students not returning after Christmas will be charged to the end of the semester.

Written permission must be sent by the parents or guardian, directly through the mails, addressed to the Registrar, and not to the student, before any subject may be dropped.

All dues must be settled in cash before students can receive diplomas or transcript of credits.

Students are entitled to the first transcript of their records free of charge. For other transcripts a fee of one dollar will be charged.

A deposit of fifteen dollars must be made in the Bookshop at the opening of the term, for the purchase of books. No accounts are open on our books for charges in the Bookshop; books, stationery, and art materials are sold for CASH only.

The college will be closed for the Christmas holidays.

DISCOUNTS

When two or more *boarding* students are entered from the same family, a discount for board and literary tuition will be allowed, provided payment is made in advance, and provided both sisters remain the whole semester.

A discount of $125.00 will be made to ministers regularly engaged in their calling who enter their daughters as boarding students. All "Specials" are charged at the regular rates.

To ministers regularly engaged in their calling who send their daughters as *day students* is given a discount of one-half the literary tuition. Branches under the head of "Specials" are charged for at the regular rates.

SCHOLARSHIPS

The Board of Trustees authorizes the President to offer scholarships to the value of one hundred dollars in the Boarding Department for one year to the first honor graduates of accredited high schools.

Students holding college scholarships will not be given further discounts in that year.

ALUMNAE

Note to Alumnae:

You are cordially invited to the annual meeting each year, but you are especially urged to be present at the re-union of your class as indicated at the head of your class roll. All classes prior to 1882 are scheduled with that class for re-union in 1932.
